## Epiphany School Business Directory

The “Community Helping Community” directory is in its second year of print. It will again comprise only of businesses owned by Epiphany School families. This directory will be made available to all Epiphany School families, free of charge, so that they can both find and refer to your place of business. Therefore, when using the listings in this book, you will be helping out a family within your own school community.

The Epiphany School Business Directory will continue to be issued yearly in order to renew, add, or edit business listings. The opportunity to further highlight your business will be available with the purchase of an ad. The directory will be in color print and organized both in alphabetical business/professional categories and family surname.

We are asking that all interested families submit their application along with payment in the form of a check payable to Epiphany School by Friday, February 5, 2010. All funds collected, post production, will go towards the Epiphany School Endowment Fund.
